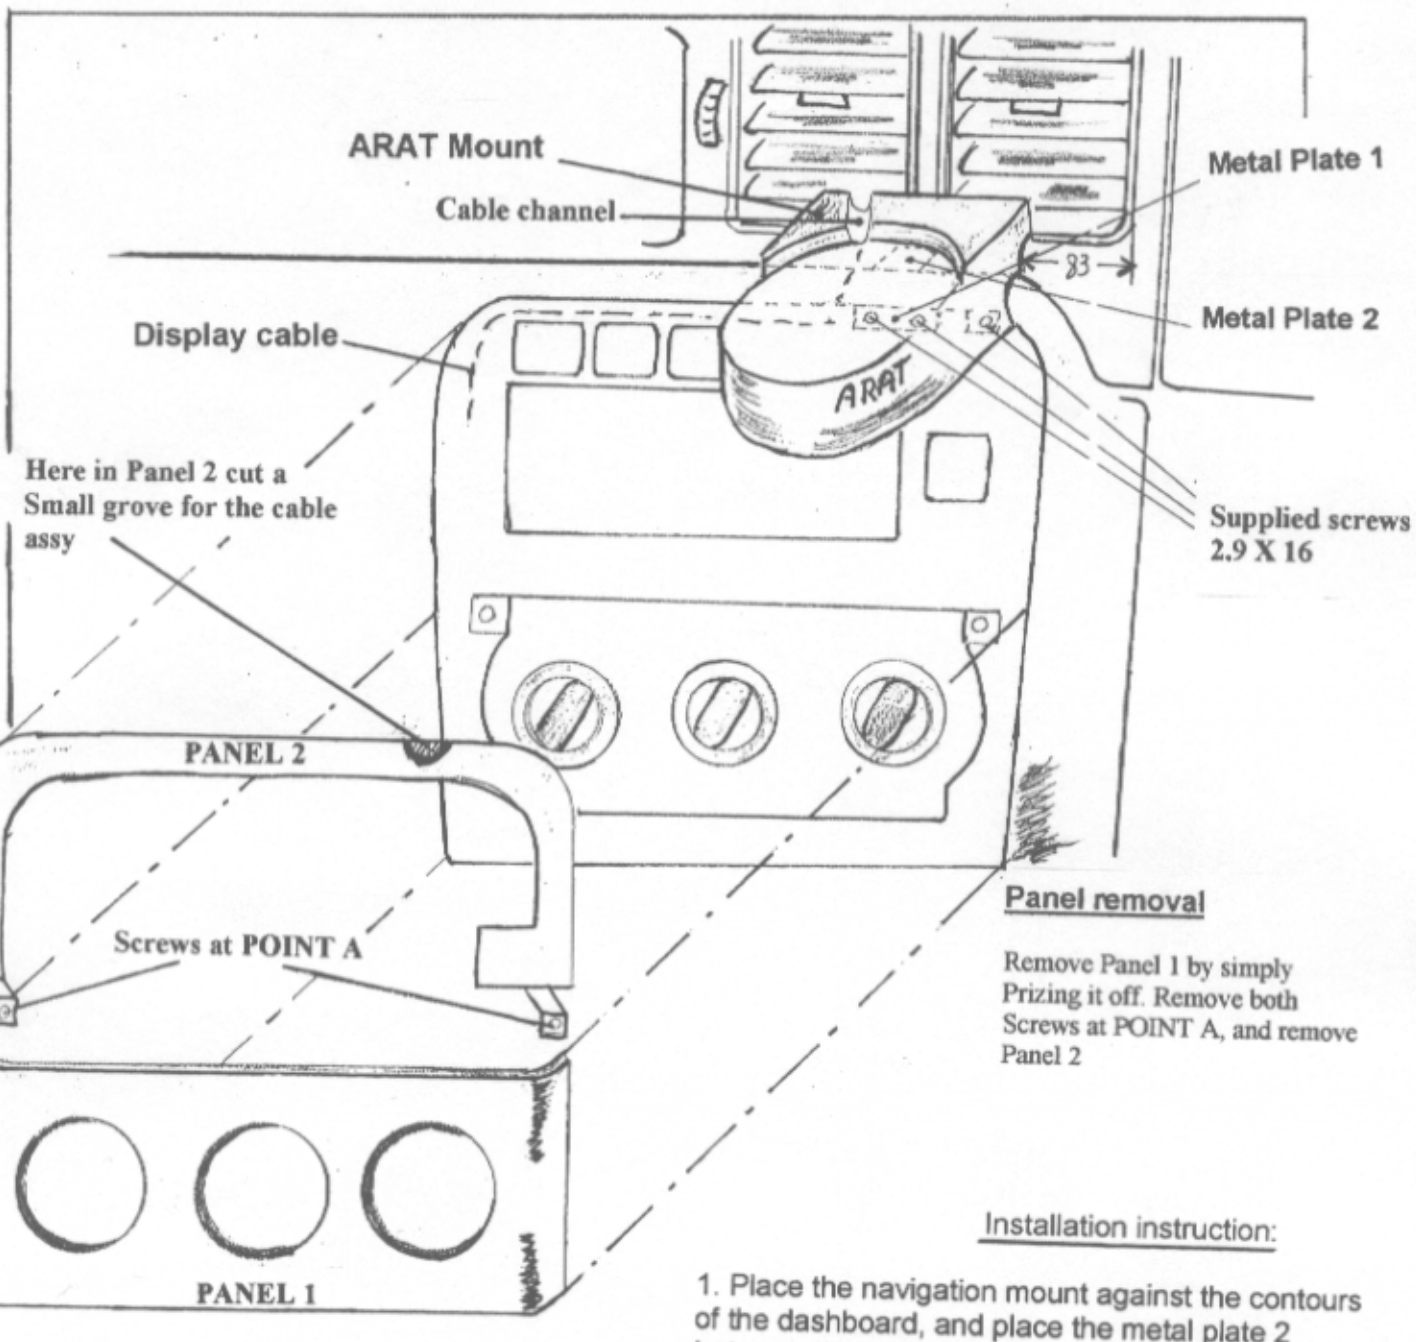
ARAT Navigation Mount

For: OPEL

Model: VECTRA "B"

Part No: NS1030.3

ARAT GmbH
Spezialhalterungen
für Autotelefone u.-Navigationssysteme



Panel removal

Remove Panel 1 by simply Prizing it off. Remove both Screws at POINT A, and remove Panel 2

Installation instruction:

1. Place the navigation mount against the contours of the dashboard, and place the metal plate 2 between the airvent and the dashboard material (note the distance 83mm)
2. Screw both supplied screws through the metal plate 1 into the material of the dashboard (pre.drill 2mm Ø)

Cable channelling: The cable assy can be placed behind the panel 2, and via the small grove in the panel can be laid through the channel in the mount.
